Subject: Docket No. 2011-158-E - request for briefing pursuant to Section 58-3-260(B)(6)

Ms. Boyd and Mr. Melchers:

In his letter dated January 12, 2012, Len Anthony indicated that the applicants, Duke Energy Carolinas and Progress Energy Carolinas, would request an opportunity to brief the Commission on the revised mitigation plan that they expect to file with FERC. The companies are in the process of finalizing the mitigation plan and expect to be filing it with the NCUC next week in advance of filing it with FERC. We therefore request an opportunity to brief this Commission on the mitigation plan during the week of February 27th.

Please contact us if you have any question about this request. I am copying counsel for all parties with this email.
